

Certificate

Herewith, we confirm that the company

Roland Mills Nord
GmbH & Co. KG

has committed itself

to analysing grains and grain products for contaminants, pesticides
and microbiological parameters on a regular basis and to complying
with the highest hygiene standards.

In doing so, the company meets the requirements for participation in
the

European Grain Monitoring EGM
in the cereal marketing year 2026/2027.

The European Grain Monitoring is sponsored by the milling and
grain trading associations of Germany, Austria and Switzerland and
is carried out by biotask AG, Esslingen, Germany.

Esslingen, 1st August 2026

biotask AG, Schelztorstraße 54-56, 73728 Esslingen am Neckar, Germany
